## REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1-26 are allowable because the prior art of record fails to teach, in combination with other claim limitations, a communications device comprising: ...a bandwidth computing section...for obtaining from said storage section bandwidths  $BW_t$  and  $BW_r$ , which are allotted respectively to said local station and a destination included in said plurality of nodes, said local station being a transmitting party of transmission information, and also obtaining from said storage section a sum total  $\sum BW$  of bandwidths allotted to all nodes other than the destination and for computing a transmission bandwidth( $=BW_t \cdot BW_r / \sum BW$ ) to be applied to transmission of transmission information, based on these bandwidths  $BW_t$  and  $BW_r$  and the sum total  $\sum BW$ ;...

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
